

Name- Gaurav Rawat Course- MCA-N University RollNo- 2001062
Subject Name- Computer Network
Subject Code- TMC- 203.

Q1

Problem Statement → Design a network for the HR department with size of 10 users and show communication between user 1 and user number 5.

Objective : To design a network and showing communication between user.

Components used : 1 server, 10 PCs, 1 switch.

Step 1: Add server to the login screen.

Step 2: Add switch and PCs

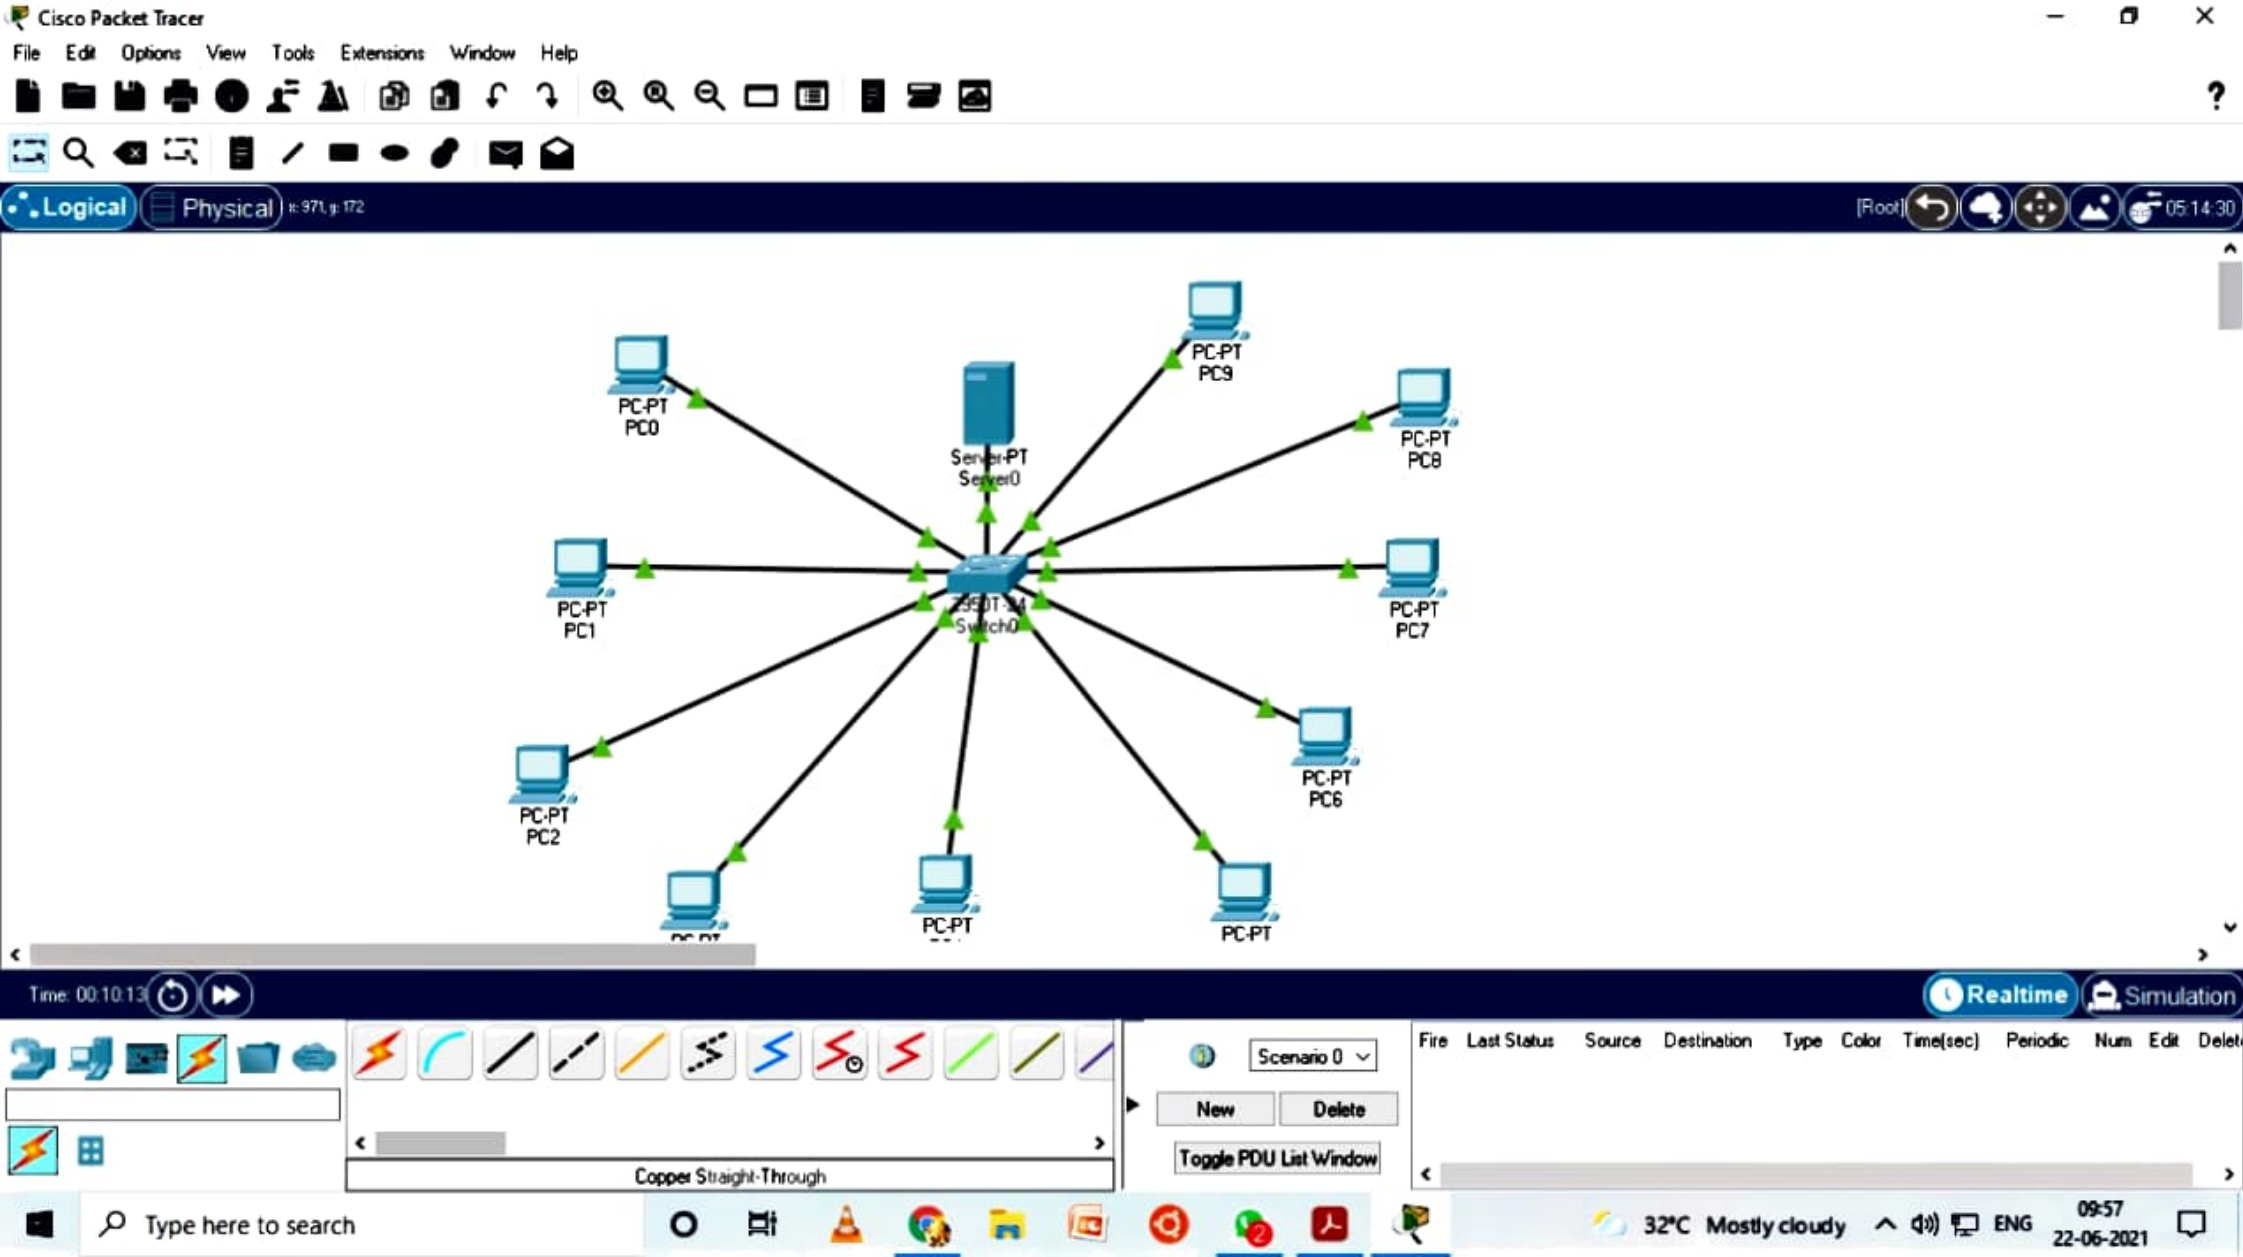

Step 3: Configure Server

Step 4: Now go to the service in Server and select DHCP option in the left Menu and turn on fast ethernet services on and save the settings created.

Step 5: Now go to PC and select IP configuration and select DHCP setting

Step 7: Now send the message from PC 1 to PC 5. if successful then connect is correct.
